From the Director's Desk

Dear Partner,

It is with joy for me to reflect with you about what we have done to help the poor and needy during these past two years. We have now completed a 2-year milestone! Thank you so much for your partnership with us. We could not have done it without you.

Because of the Coronavirus, this past year has been a year of unique challenges for us, just as it has been for the rest of the world. Through our steadfast determination, wise counsel, generous gifts, and willing volunteers, we have been able to rise above this pandemic and continued working to assist those who are underprivileged. We have improved their impoverished living conditions, provided food, as well as an education to many, thereby bringing hope to those who may have lost their hope.

At FOARA we work at the grassroots level to bring about lasting change. To accomplish this, we have been able to motivate and to effectively involve individuals, institutions, corporations, local governments, and the media to work alongside with us. Partnerships have been formed which is helping us to achieve our common humanitarian goals. We have a relentless determination to bring about a long-lasting change in the lives of the vulnerable and deserving children and families in the most overlooked parts of the country. Now we are excited to see what will happen in this new third year, as we steadfastly advance in our mission to help bring lasting change and hope to our world.

The big picture of making lasting change to our world is made up from all the smaller individual parts working together. Just as with a picture made from a jigsaw puzzle, each individual puzzle piece is needed to create the whole bigger picture. If one piece is missing, the picture will not be complete, and so it is with you. Your individual piece of making a lasting change to our world is also really needed.

Thank you, again, for the part you are giving to see this bigger picture achieved. You are so vital to all of us here at FOARA. We really appreciate you.

With warmest regards,

Dr. Joyce Koshy

Through this program we have been feeding the hungry, especially important through the COVID-19 pandemic. The food packet was specifically given to the community members who were genuine cases to receive this help. At this juncture we thank all kind-hearted donors who donated with a cheerful heart.

Food packets with healthy items are still being distributed to the children living on the streets throughout India.

25-Year-old orphan Anu is physically challenged due to cerebral palsy, he was so happy receiving a wheelchair from our well-wisher.

Facemask production is in progress as part of the empowered hands project to combat the virus.

Academically advanced children who are enrolled in our Rising Stars program are doing excellent in academics, amongst all hindrances due to Covid-19 Pandemic. No one has lost their academic year!
