RISING STAR
a program of FOARA

Highlights of the program:

- A better alternative than a children's home project
- Kids get both the homely love and the organizational support they need
- Periodic audits conducted by certified child counselors
- Child's school fees, stationary, and monthly food expenses supplied by the FOARA organization
- Periodic motivational classes arranged by FOARA counselors available for the Child's school teachers to ensure the Child's progress
- FOARA Counselors will evaluate the strength and in addition guide the child in the right path that concurs with the in-born talents and abilities of the child.
- FOARA directly pays the Food Vendors and School Management so that the money for the program meets its prescribed objectives.

Our Vision:

Healthy, happy, contented and dignified lives for the poorest of the poor of our nation

FOOD FOR THE HUNGRY

a program of FOARA

From the Director's Desk

Dear Partners,

So much has changed in a short period of time- the world around us, our neighborhoods, gathering places, and the places we work. Life in the midst of this pandemic has been causing fear, frustration and anxiety all around.

In the midst of all this chaos and following COVID guidelines, FOARA volunteers are marching forward with our new "Rising Star" program as well as our other FOARA programs. FRS (FOARA Rising Stars) already have started their online schooling . We were able to provide smartphones and computers to a few of the students who do not have the equipment to go online. We are also providing work stations for children at home to be able to comfortably study with the help of donors like you.

Food kits are being distributed through our Food For The Hungry program. We have been able to provide food for over 1000 people.

Thank you for all your support. It means so much to all of us who are working behind FOARA's operations. Together, we will get through these uncharted waters. So, let's hold our hands and go forward.

Thank you!
Dr. Joyce Koshy.
