FOARA COVID-19 social awareness campaign posters

From Directors' Desk

Now more than ever, in this time of need, supporting each other has become our mission. COVID-19 is hitting hard all over the world. Everyone needs to step up immediately to fight against the virus to keep our loved ones safe, keep vulnerable individuals and front line health workers protected who are working day and night and putting their own life's at risk to keep us safe. So, please listen to the advice of experts. Wash your hands frequently, maintain social distance of 2 meters apart and don't gather in groups. Our hearts and thoughts are with the global community. Our hope is to be a beacon of optimism and unity as we navigate this unprecedented time. Together we stand with you and let's break the chain.
