From the Management Desk

During this month we witnessed full swing operations in all the project locations. We are so privileged in being able to shoulder the noble cause of giving educational support along with a one time meal daily to the underprivileged kids from economically weaker backgrounds. We want to increase the beneficiary numbers and the only challenge is sustainable funding from genuine donors. We hope in the coming months we get adequate support, which in turn will inevitably put a smile on the Children's faces.
